Who is IP Campus

At IP Campus we are experts in facilitating (digital as well as paper-based) examinations. We have been doing this for almost 10 years in more than 5 countries and recently we have reached an amazing milestone of facilitating **2,000,000** hours of exams.

Certified Staff

We have over 100 officially certified employees, representing over 30 different countries and cultures. Together we are the foundation upon which IP Campus is built on.

Special Arrangements

All candidates deserve an equal opportunity to achieve the best possible result in their exam. To achieve this, special arrangements may sometimes be necessary. If this is the case, we ask you to send us the required (medical) documents immediately after registration so that we can take the necessary steps to facilitate the special need.

A Word from British Council

"Thanks to our partnership with IP Campus and their years of experience in administering computer-based exams, British Council and IP Campus are able to offer large groups of students a digital exam in the Netherlands. Not only in IP Campus' own centres but also as a pop-up in school".

Jan van Uum | Head of Exams Business Development Benelux

Advantages Computer-Based

- Europe's largest computer-based exam centre
- All components in one day
- Results within three weeks
- Less printed paper - better for the environment
- **'On Demand'** exams available

Exams at your school

Yes, this is possible!

We can facilitate paper and computer-based exams at your school.

For more information please contact us at: exams@ipcampus.nl or book your "At School Session" [here](#).

Photo Consent Forms

For Cambridge **B2**, **C1** and **C2** exams, it is compulsory to take a photograph of the candidate. Without a photograph the exam may be disqualified. Of course, we need permission to take a photograph, so please send us the Photo Consent Form in advance. This way the candidate only has to concentrate on the exam during the day.

A Word from Cambridge

".....you've taken the right decision because being here today, you are opening a door on the world".

Sebastian Hockliffe | Director West Europe
